

Product Data Sheet

18mm Circular Slings

S0016, S0025, S0033, S0035 & S0053

These Circular Slings are made using a 18mm polyester superweb and have a tensile strength of 24kN which exceeds the standard set by EN354 of 22kN. A multi-use sling, can be used for belays, attachments, foot loops, etc.

Sling Lengths: The advertised length of circular slings is the circumference - this should be halved to give the working length (measured end to end).

Specs:

- Rated load of 24kN for 18mm slings
- High grade polyester webbing
- Individual serial number
- Size variations available on request

Conforms to:

- EN354:2010, EN566:2017, EN795-B:2012 & PD CEN/TS 16415:2013 Type B - 2 person load
