

Product Data Sheet

10.5mm SPT Rope

RR002W

Our Single Pattern Technology (SPT) Rope is lighter in weight than any of our 11mm ropes, whilst still maintaining an excellent strength rating.

The 32 plait sheath makes this an extremely nice rope to handle, whilst giving the resistance and abrasion protection expected from all our ropes.

Specs:

- Static strength: 30kN
- Static strength fig 8 knot: 17kN
- Elongation: 5%
- Material: Polyamide core/ Polyamide sheath
- Outer plait (sheath): 32, Outer braids: 32, Inner core: 16
- Supplied in lengths of 50m, 100m or 200m - Up to 700m on special request

Conforms to:

- EN1891-A
