Alpine Stretcher Wheel

ST004 & ST004L

The Stretcher Wheel can be fitted to the SAR Alpine Stretcher to take the weight on longer carries.

The frame comes in 3 parts - head end forks, foot end forks, and wheel - for ease of storage and transportation. The parts can then be slotted together for fitting onto the stretcher frame.

Specs:

- Storage bag included
- Weight of Steel Stretcher Wheel: 7.5kg
- Weight of Lite Stretcher Wheel: 5.7kg
